

# Devotional Ideas

## Family Worship

*Use the devotion path to jumpstart a family worship habit (or encourage a habit you are already working on).*

Family prayer plus one (or more) of the following:

- Sing a song
- Read a devotional together
- Read a Bible story/the Bible together
- Memorize a Bible verse together

## Personal Devotional Time

*Some kids are independent and only need a reminder, but others will do better with a parent nearby. You can both have your personal devotional time quietly reading and praying individually, but next to each other.*

Prayer plus one (or more) of the following:

- Bible storybook
- Devotional book
- Bible
- Memorize a Bible verse

## Younger Kids/Kids Who Aren't Confident Readers Yet

*Read any of the above options to them or chose an audio option.*

Audio Options:

- Daily Audio Bible Kids (Podcast/App): Look for Daily Audio Bible. The kids' version is one of the options in the app. (I love that this is for kids by kids!)
- The Bible in Living Sound
- The Jesus Storybook Bible (on CD and on Audible)
- Your Story Hour Bible Stories
- GraceLink (publisher for the Primary Sabbath School Quarterly) has an audio version for each lesson on their website.

## Littles

*I love to read a Bible Storybook or a children's devotional book to my pre-school age kids and any kid not yet ready for independence. We like to snuggle on the couch with our book and finish with Jesus Loves Me.*
